4 BEDROOMS

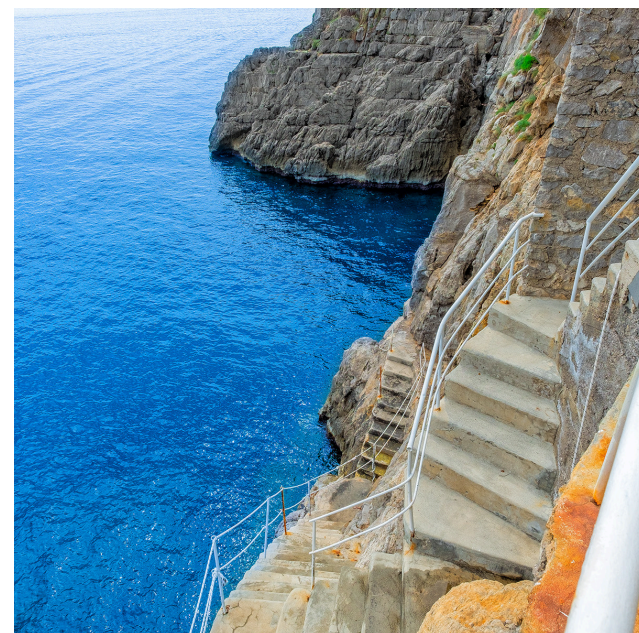

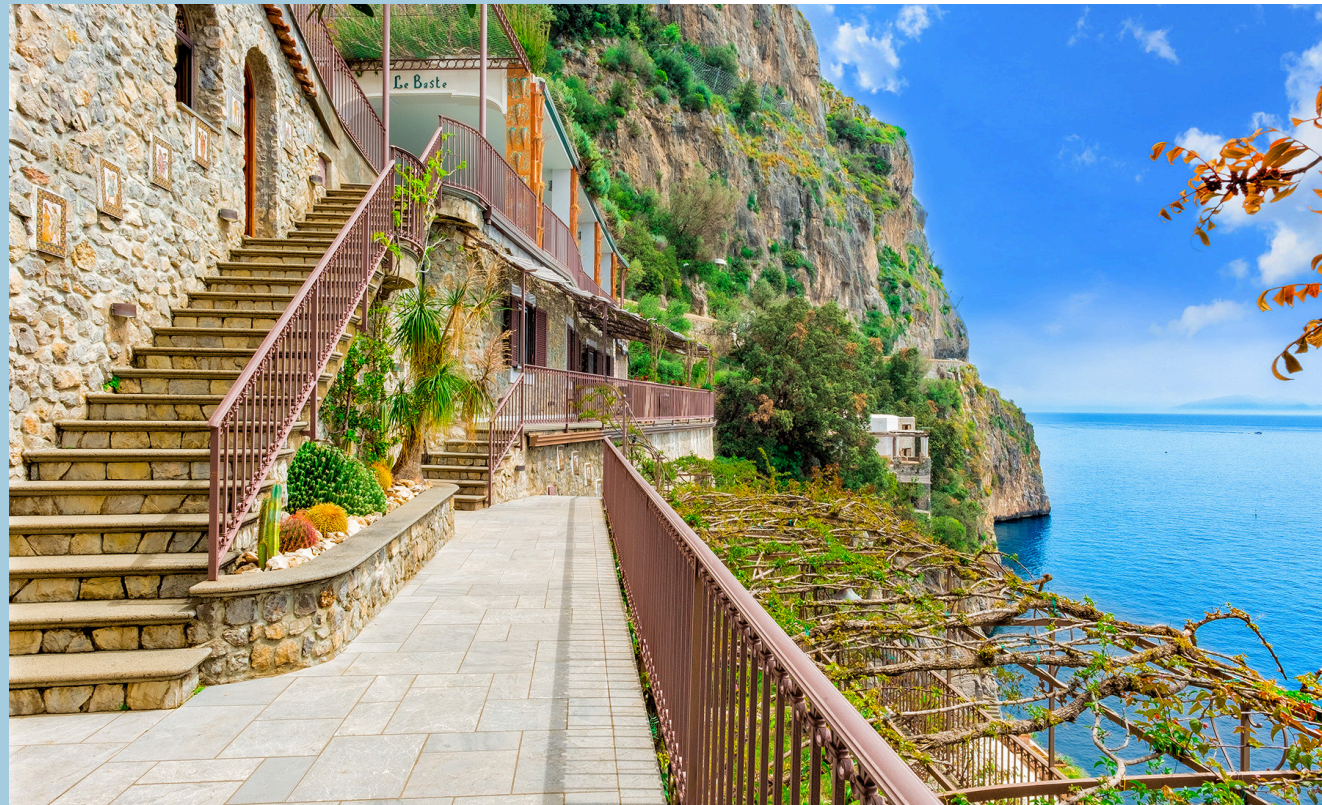

5 BATHROOMS

Welcome to Villa Le Baste

A Luxury Villa in Furore

Made from natural stone, Villa Le Baste seems to have grown out of the rocky cliffs. Connected by a convenient lift, each floor offers breathtaking views.

The villa was recently renovated in the typical colours and materials of the area, capturing the iconic style of the Amalfi Coast. Each unit is equipped with a kitchenette/kitchen, allowing guests to enjoy their independence. The property offers a range of unique and practical features, including a swimming pool nestled among the rocks, a private path to the sea, a lift to every floor, and multiple parking spaces.

Indulge in serene luxury

The four private suites are divided by category and colour, featuring private balconies or terraces overlooking the bay of Furore.

The suites are decorated with antique and contemporary furniture in four completely different styles, creating an exclusive and unique look. All our bathrooms are furnished in marble with hand-decorated tiles.

All of the rooms are equipped with telephones, TVs with satellite channels, CD and DVD players, air conditioning, safes, minibars, kitchenettes, slippers, and hypoallergenic feather and latex pillows.
